

# BB-6 Series Cabinet (BB-6, BB-6F, MBB-6) Product Installation Document

PN 51881-L8:A2 8/16/2013 13-726

The BB-6 Series Cabinet is designed to house the CH-6 Series Chassis. The cabinet is hinged at the bottom and is shipped assembled. It is designed to be mounted a minimum of 6 inches (15.24 cm) below the Fire Alarm Control Panel. Below are the cabinet dimensions for installation.

BB-6.wmf

The BB-6 Series comes with a false bottom plate. Place this plate in the bottom of the cabinet for battery support.
