## SMOKE CONTROL GRAPHIC PANEL (FSCS SERIES)

## DESCRIPTION

Fike's Smoke Control Graphic Panel provides an intuitive easy-to-use interface to the HVAC system for emergency responders to use to manually control the operation of fans, dampers, and other equipment installed for the purpose of controlling smoke movement within a facility.

Each panel is customizable to meet the needs of each specific customer or facility. It is designed to graphically display the physical building floor plan, smoke control systems and equipment.

LED indicators are used to indicate the current status of individual smoke control equipment. (fans, dampers, etc.) or entire smoke control zones. Manual override switches can either be installed in the graphic panel or within the associated control panel to provide a means for emergency responders to override automatic control of the smoke controlsystem. Distinct background colors can be used to highlight critical smoke control areas like stairways, elevator shafts, main air ducts, and main exhaust ducts.

Automatic inputs for the Smoke Control Graphic Panel come from existing basic fire initiating devices (smoke detectors, heat detectors, etc.) that are connected to the intelligent control system. Communication between Fike's intelligent control panels and the Smoke Control Graphic is accomplished via the panel's RS485 peripheral bus.

## COMPATIBILITY

The smoke control graphic panel is compatible with Fike's CyberCat ${ }^{\circledR} 254$ and 1016 control systems with firmware version 4.00 or higher.

## FEATURES

- Configurable via on-board via intelligent control panel using C-LINX ${ }^{\text {M }}$ Software
- Surface, Flush or Semi-flush mountable
- Local piezo sounds for annunciation of system status changes
- Access key switch for lock-out of smoke-control switches
- Immediate visual status of smoke-control equipment in a compact area
- Integrated LED test switch function
- Various switch types are available for design flexibility
- Multi-color background available
- Standard LED colors: Amber, Red, Green, Yellow, White

## APPROVALS:

- UL - S2203 (UUKL)
- FM - 3032723
- City of New York - 6018
- CSFM - 7165-0900:137
- Modular circuit board design for expandability
- Easy Installation

## SMOKE CONTROL MODULE

Fike's Smoke Control Module (P/N 10-2663) provides the interface between the smoke control graphic panel and Fike's CyberCat 254 and 1016 control systems. Each module can control and monitor up to six smoke control zones or individual pieces of smoke-control equipment (e.g., fans or dampers). This module is capable of distributing control and power (24VDC) to a single Switch/LED Driver Module (P/N 10-2665). The module interfaces to the intelligent CyberCat panels via the panel's RS485 peripheral bus.

## SPECIFICATIONS

Operating Voltage Range:
Maximum Current:

Operating Temperature:

RS485 Wiring:

Module Dimensions:
Mounting:

## 24VDC regulated

15-30 VDC
Alarm: 112 mA (all LEDs on)
Standby: 58 mA (all LEDs off)
0 to $49^{\circ} \mathrm{C}$ (32to $120^{\circ} \mathrm{F}$ ) 93\% RH
Terminal blocks accept 14-26 AWG
All Connections are Supervised and Power Limited 4000 ft . ( 1219 m ) to last device
( $96 \Omega$ ) maximum
Belden 9841 or equal
Width $=3.73^{\prime \prime}(9.47 \mathrm{~cm})$ Height $=6.75^{\prime \prime}(17.15 \mathrm{~cm})$
Mounts inside smoke control graphic panel enclosure

## SWITCH/LED DRIVER MODULE

The Switch/LED Driver Module ( $\mathrm{P} / \mathrm{N} 10-2665$ ) is used in conjunction with the Smoke Control Module ( $\mathrm{P} / \mathrm{N}$ 10-2663) to provide connection points for all control switches and LEDs incorporated into a smoke control graphic panel layout.

## SPECIFICATIONS

Operating Temperature: 0 to $49^{\circ} \mathrm{C}\left(32\right.$ to $\left.120^{\circ} \mathrm{F}\right) 93 \% \mathrm{RH}$
Terminal blocks accept 14-26 AWG
All Connections are Supervised and Power Limited
Module Dimensions:
Width = 3.5" (8.9 cm) Height = 7" $(17.8 \mathrm{~cm})$ Depth $=.75^{\prime \prime}(1.9 \mathrm{~cm})$
Mounting:
Mounts inside smoke control graphic panel enclosure

## ORDERING INFORMATION

| Fike P/N | Description |
| :---: | :---: |
| Door Assemblies |  |
| 10-2690-B | Smoke Control Graphic $14^{\prime \prime} \times 14^{\prime \prime} \mathrm{w} / 10^{\prime \prime} \times 10^{\prime \prime}$ viewing window |
| 10-2691-B | Smoke Control Graphic $24^{\prime \prime} \times 24^{\prime \prime}$ w/ $20^{\prime \prime} \times 20^{\prime \prime}$ viewing window |
| $10-2692 \mathrm{H}-\mathrm{B}$ | Smoke Control Graphic $36^{\prime \prime} \times 24^{\prime \prime}$ w/ $32^{\prime \prime} \times 20^{\prime \prime}$ viewing window |
| 10-2692V-B | Smoke Control Graphic $24^{\prime \prime} \times 36 \prime$ w/ $20^{\prime \prime} \times 32^{\prime \prime}$ viewing window |
| $10-2693 \mathrm{H}-\mathrm{B}$ | Smoke Control Graphic $36^{\prime \prime} \times 30 \prime$ w/ $32^{\prime \prime} \times 26^{\prime \prime}$ viewing window |
| 10-2693V-B | Smoke Control Graphic $30 \prime \times 36 \prime$ w/ $26^{\prime \prime} \times 32$ " viewing window |
| Notes: H=Horizontal Mount, V=Vertical Mount |  |
| Door Assembly includes: door frame, silk=screened Lexan viewing window, (1) smoke control module (P/N 10-2663), (1) switch/LED driver module (P/N 10-2665), lamp test switch and LED, security access key for operation |  |
| All these items must be ordered separately: backbox, trim ring, additional smoke control and LED/ switch device modules, switches and LEDs |  |
| Backbox |  |
| 10-2588-B | Backbox 14" $\times 14^{\prime \prime}$ for P/N 10-2690-B |
| 10-2589-B | Backbox 24" $\times 24^{\prime \prime}$ for P/N 10-2691-B |
| 10-2590H-B | Backbox $36^{\prime \prime} \times 24^{\prime \prime}$ for P/N 10-2692H-B |
| 10-2590V-B | Backbox $24^{\prime \prime} \times 36^{\prime \prime}$ for P/N 10-2692V-B |
| $10-2591 \mathrm{H}-\mathrm{B}$ | Backbox $36^{\prime \prime} \times 30^{\prime \prime}$ for P/N 10-2693H-B |
| 10-2591V-B | Backbox $30^{\prime \prime} \times 36^{\prime \prime}$ for P/N 10-2693V-B |
| Trim Rings |  |
| 10-2611-B | Trim Ring for P/N 10-2588 Backbox |
| 10-2612-B | Trim Ring for P/N 10-2589 Backbox |
| 10-2613-B | Trim Ring for P/N 10-2590 Backbox |
| 10-2614-B | Trim Ring for P/N 10-2591 Backbox |
| LED's |  |
| 02-12216 | Red LED |
| 02-12218 | Green LED |
| 02-12219 | Yellow LED |
| 02-12220 | White LED |
| Miscellaneous |  |
| 02-2580 | Access Control Switch |
| 02-12244 | Lamp Test Switch |
| 02-12245 | Two-Position Toggle Switch |
| 02-12172 | Three-Position Rotary Selector Switch |
| 02-12171 | Three-Position Toggle Switch |
| 02-12173 | Contact Block, Selector Switch |
| 10-2663 | Smoke Control Module |
| 10-2665 | Switch/LED Driver Module |
| 10-1903 | 34-PIN ribbon cable, Cntrl-Driver 24" |
| 10-1950 | 34-PIN ribbon cable, Cntrl-Driver 48" |
