

SURFACE MOUNTING FRAME (ZC)

ZC Surface Mounting Frame

Pressure Vent Mounted to ZC Frame

Description

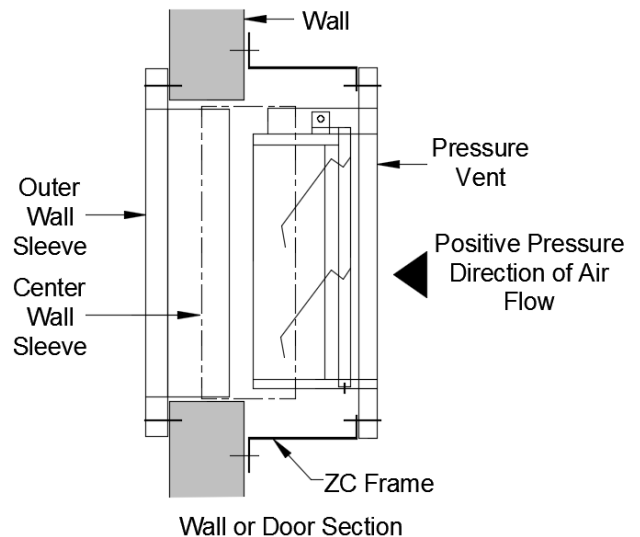

The MPV and PV pressure vents are designed to fit into walls or doors with a depth of 4 inches (100 mm) to 15 inches (380 mm). For walls or doors smaller in depth, a surface mounting frame must be used to provide additional depth for mounting of the pressure vent components. The additional depth is required to prevent interference with the operation of the pressure vent blades. The frame attaches directly to the wall or door surface and provides a mounting point for the pressure vent.

Specifications

Material	High grade aluminum
Finish	Powder coated gloss white finish (RAL9016). Special colors available on request.

Ordering

Part Number	Frame Model
02-14724-150	ZC150 (fits MPV150 vent)
02-14724-300	ZC300 (fits MPV300 vent)
02-14724-500	ZC500 (fits MPV500 vent)
02-14724-700	ZC700 (fits PV700 vent)
02-14724-1000	ZC1000 (fits PV1000 vent)
